

E-mail 1: Quiz Instructions: please send to all team members

Hello Team Leaders

We need you and your team to get ready for Friday Night's Virtual Quiz. In order for the evening to run smoothly, please ensure that you and your team members do the following:

Team Leader and all team members to sign up to Rory & George's Team Presentation:

Step 1 press "Ctrl Click" over this link [Click here to join the meeting](#)

Step 2 From the window select "continue on this browser" Teams opens up.

Step 3 Turn off your mic and video using the icons at the bottom of your video screen

Step 4 Click join now and wait to be admitted

The quiz masters will start to admit people **from 8:15pm** and expect to start the quiz promptly at 8:30pm.

Quiz masters will read questions and multiple choice answers. Teams will have a short time to confer before only their team leader submits their answers using the Slido app (Team leaders will receive a separate email with the Slido code).

Discuss with your Team how you want to communicate: via Whatsapp, Zoom etc. We strongly urge you to have thought about what works best for you and to make sure devices are fully charged throughout the event. For example:

- Lap top for Teams presentation
- Ipad for Zoom call
- Mobile for Slido app (Team Leader only).

Team leaders will be advised of the code for the Slido app to submit their responses. Please note, only the team leader should sign their team up to Slido.

There will be opportunity for teams to comment on the teams presentation – please use this for any banter with your hosts and other teams during the event!

E-mail 2: Slido Code Team Leaders only

Team Leaders ONLY: please do not share this information with your team.

We are using the Slido app to share Quiz questions and answers.

Download the Slido app.

- Enter event #73550
- When prompted for your name, please add your Team Name eg. "Curry For President"
- Then click on the "Join" button

You can do this in advance of the quiz but please have the event #73550 to hand in case the app closes down and you have to re-enter it.

Once the quiz starts you will have a short time to submit your answer.
